

**Kansas City Business Journal names We Are IT  
to Kansas City's top computer networking companies list.**

**July 30, 2015:** We Are IT has been named to the Kansas City Business Journal's Top Computer Networking Companies List. This is a distinguished list identified by certified local network engineers as being the best in the region.

"We are honored to have been recognized by qualified industry experts for our dedication and commitment to maximizing efficiencies and productivity for businesses," said Ed VanBuskirk, President/CEO, We Are IT. "We provide outstanding network services that assist companies in reaching goals through advanced technology. It is our mission to make business technology easy while exceeding client expectations."

The Kansas City Business Journal provides comprehensive coverage of business news from a local, regional and national perspective. In July, the Business Journal released the area's top computer networking companies list with profiles of the companies and the executives that successfully lead the business operations.

We Are IT ([www.We-Are-IT.com](http://www.We-Are-IT.com)) is a network management and systems technology integrator providing end-to-end solutions that ensure business integrity for small-medium and enterprise-level clients. From design through deployment, We Are IT is an advocate for our clients to strategically align their business and IT objectives. We architect, implement and manage IT solutions spanning computing infrastructure, enterprise management, VoIP and security. The company is headquartered in Kansas City, MO.
